* Comment. The DEKA Tire Plant in Ketschendorf produces automobile and bicycle tires, inner tubes and rim bands (Mulstbaender) and has about 2500 employees. The plant was scheduled to manufacture 320,000 automobile tires and 420,000 bicycle tires in 1951, but had not met the quota for automobile tires in late 1951. The plant is scheduled to increase its annual output to 620,000 automobile tires under the Soviet Zone Five-Year Plan.
